User Guide – Parents' App Registration
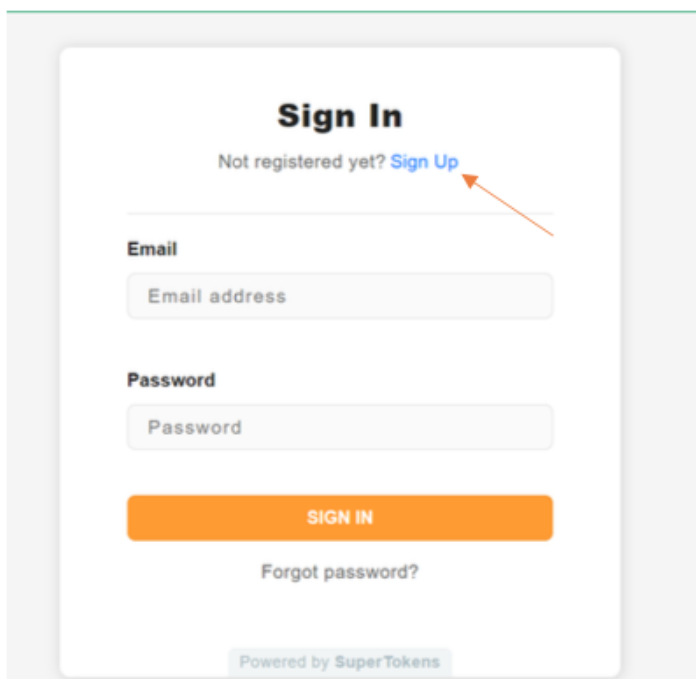

1.   Information after Registration

1.1 Once the registration via the online form has been completed and confirmed by the childcare facility, the legal guardians will automatically receive an email containing the most important information about the Parents' App.

2.   Use and Installation

2.1 After registration, the Parents' App is available in three versions:

- **Web:** Without installing anything, you can access the Parents' App via your browser: https://eltern.leoba.ch/

- **Android:** Search for *"Leoba"* in the Play Store or use the following link to download the Parents' App to your smartphone: https://play.google.com/store/apps/details?id=ch.leoba.elternapp

- **iOS:** Search for *"Leoba"* in the Apple Store or use the following link to download the Parents' App to your smartphone: https://apps.apple.com/us/app/leoba-eltern/id6448218831

Important: When logging in for the first time, please click on **"Sign up"**. Enter the email address you used when registering your child. Set a secure password. You will then receive an email to confirm your address (also check your junk mail folder). Once confirmed, the registration for the Parents' App is complete and you can use the links above.
